VVZ-BAL001-3-T Balance beam – Numbers

The balance beam is a low-maintenance play element designed to develop balance and movement coordination. The number stepping platforms create a playful route that encourages children to move along the beam while maintaining stability. Playing on the element naturally supports agility, confidence in movement and overall physical fitness, while the number design also adds an educational element to play. The supporting structure is made of hot-dip galvanised steel with a durable surface finish. The HPL stepping platforms provide a strong and durable surface, while stainless-steel fasteners contribute to a long service life in outdoor environments.

Specifications

The Balance beam – Numbers VVZ-BAL001-3-T is certified according to STN EN 1177

Age Group:	3-14 years
Product Dimensions:	2.00 x 0.60 x 0.30 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	5.10 x 3.60 m (according to STN EN 1177-1)
Materials:	Galvanised and powder-coated steel, HPL, stainless steel fasteners
