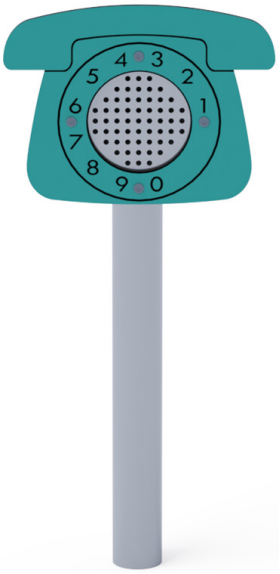
Educational panel – Acoustic phone
VVZ-EDU010-T



VVZ-EDU010-T Educational panel – Acoustic phone

Educational panel – Acoustic phone consists of two separate elements connected by underground piping and allows children to communicate from one end of the playground to the other. The framework is made of high-quality stainless steel with a perforated detail, holding the phone body made of durable HPL material. The material used is colourfast, non-toxic, recyclable, shatterproof, and UV-resistant. This eliminates the risk of injury to children from sharp edges or fragments. All fasteners are made of stainless steel and covered with plastic caps to increase safety and durability.

Specifications

The Educational panel – Acoustic phone VVZ-EDU010-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.40 x 0.30 x 1.00 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	10 kg
