

## Educational panel – Chalkboard with alphabet and tic-tac-toe VVZ-EDU014-T

VVZ-EDU014-T Educational panel – Chalkboard with alphabet and tic-tac-toe

This multifunctional panel efficiently combines three educational zones into a single compact unit. The main feature is a double-sided board measuring 1.5 x 0.9 m designed for drawing and imaginative play, complemented by a built-in alphabet template for writing practice, an abacus to develop numeracy skills, and rotating discs for playing tic-tac-toe. The robust supporting structure is manufactured from galvanised steel with a durable powder-coated finish. The play board itself and the game discs are crafted from high-quality HPL material. This material is chemically resistant, colourfast, non-toxic, recyclable and shatterproof, eliminating any risk of injury from sharp edges. For maximum safety and extended service life, all stainless steel fasteners are recessed beneath plastic protective caps.

### Specifications

The Educational panel – Chalkboard with alphabet and tic-tac-toe VVZ-EDU014-T is certified according to STN EN 1176

**Age Group:** 3-14 years

**Product Dimensions:** 3.30 x 0.05 x 1.50 m (L x W x H)

**Materials:** HDPE plastic, HPL, Galvanised and powder-coated steel, stainless steel fasteners

**Weight:** 65 kg
