Educational panel – Battleships
VVZ-EDU017-T

VVZ-EDU017-T Educational panel – Battleships

This interactive educational panel in the form of a play table offers a popular strategy game for two players. The unit serves to practice spatial awareness, logical thinking and strategic planning. On the left side of the play surface, each player has space to position their own fleet, while the right side is used to record shots and hits. The supporting table structure is manufactured from galvanised steel with a durable powder-coated finish. The play board itself and the divider panel are crafted from high-quality HPL material. This material is chemically resistant, colourfast, non-toxic, recyclable and shatterproof, eliminating any risk of injury from sharp edges or splinters. For maximum safety and extended service life, all stainless steel fasteners are recessed beneath plastic protective caps.

Specifications

The Educational panel – Battleships VVZ-EDU017-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	1.30 x 1.10 x 1.20 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, Dibond, stainless steel fasteners
Weight:	55 kg
