Educational panel – Maze game
VVZ-EDU022-T

VVZ-EDU022-T Educational panel – Maze game

This interactive educational panel in the form of a maze is designed to practice spatial orientation and logical skills while developing fine motor skills. The supporting structure of the panel is manufactured from galvanised steel with a durable powder-coated finish. The play board itself, featuring guide paths and a sliding element, is crafted from high-quality HPL material. This material is chemically resistant, colourfast, non-toxic, recyclable and shatterproof, eliminating any risk of injury from sharp edges or splinters. For maximum safety and extended service life, all stainless steel fasteners are enclosed in plastic protective caps.

Specifications

The Educational panel – Maze game VVZ-EDU022-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	1.00 x 0.05 x 1.30 m (L x W x H)
Materials:	HPL, Galvanised and powder-coated steel, stainless steel fasteners
Weight:	30 kg
