

Single-Tower Combined Play Structure - Tall VVZ-VZ1-006-10-T

VVZ-VZ1-006-10-T Single-Tower Combined Play Structure - Tall

This single-tower combined play structure features a tower with battlements, which children can climb using steps or a climbing wall with handholds, then descend via the slide. Its striking design invites play from a distance. The steel structure is weather-resistant thanks to galvanising and a durable powder-coated finish. The HPL panels used are chemically resistant, UV-resistant, color-stable, non-toxic, recyclable, and shatter-resistant, so children are not at risk of injury from sharp edges or fragments. All joints are made of stainless steel and covered with plastic protective caps for increased durability and safety.

Specifications

The Single-Tower Combined Play Structure - Tall VVZ-VZ1-006-10-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	3.00 x 1.40 x 3.10 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	6.30 x 4.50 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, stainless steel fasteners
