

Double-Tower Combined Play Structure - Tall with Swing VVZ-VZ2-008-2-10-T

VVZ-VZ2-008-2-10-T Double-Tower Combined Play Structure - Tall with Swing

This double-tower combined play structure features one tower with battlements and a second, lower tower, connected by a tunnel. Children can climb up via a climbing wall with handholds or a ladder, and come back down using one of two slides. The play structure also includes a rig with a nest swing. Its striking design invites children to play from a distance. The steel structure is weather-resistant thanks to hot-dip galvanising and a durable powder-coated finish. The HPL material used is chemically resistant, UV-resistant, color-stable, non-toxic, recyclable, and resistant to breakage, preventing injury from sharp edges or splinters. All joints are made of stainless steel and covered with plastic protective caps for increased durability and safety.

Specifications

The Double-Tower Combined Play Structure - Tall with Swing VVZ-VZ2-008-2-10-T is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	4.50 x 7.30 x 3.10 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	8.70 x 9.10 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, Polyurethane, stainless steel fasteners and chains
