

Monkey trail – Swinging rope VVZ-OP1-12-T

VVZ-OP1-12-T Monkey trail – Swinging rope

The monkey trail with a swinging rope offers children a physical challenge focused on balance, coordination and whole-body stability. While standing on the suspended foothold, children must continuously respond to the movement of the rope and adjust their body position. The strong polyester rope offers high resistance to mechanical stress and weathering. The steel structure with a durable surface finish, together with stainless-steel fasteners, ensures high durability and a long service life in outdoor environments.
