VVZ-PYR035-T Rope pyramid – 3.5m

The 3.5 m rope pyramid creates an extensive climbing net with several levels and numerous possibilities for movement both within and around the structure. Climbing engages the whole body and naturally develops coordination, balance, strength, endurance and agility. The strong polyester ropes are resistant to mechanical stress and weathering. The steel structure with a durable surface finish, together with stainless-steel fasteners, ensures high durability and a long service life in outdoor environments.
