

Curved tunnel play structure – Panda VVZ-TU004-2

VVZ-TU004-2 Curved tunnel play structure – Panda

This panda-themed play product with a plastic tunnel is our large-scale version within this series of play products. The play structure consists of three tunnels connected by two sloped rope tunnels. The themed design stimulates children's imagination. The front and rear graphic panels are made of HPL panels, ensuring long service life, color stability, and safety. HPL panels are environmentally friendly, chemically resistant, UV-resistant, non-toxic, recyclable, and resistant to breakage, so there is no risk of injury from sharp edges or fragments. The ropes are made of polyester fibers wound around a central core. This rope construction increases strength and resistance to mechanical wear. Polyester itself offers many beneficial properties: it resists microorganisms and weathering, dries quickly after rain, is color-stable, and features high strength. Fasteners are made of stainless steel.

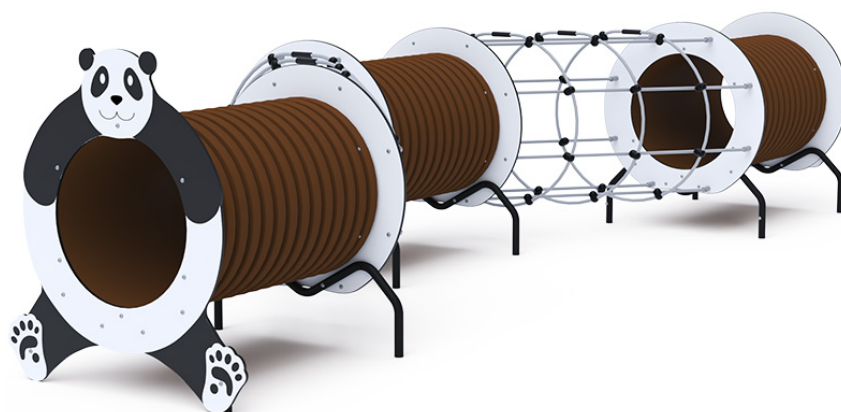

Specifications

The Curved tunnel play structure – Panda VVZ-TU004-2 is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	6.50 x 1.50 x 1.30 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	9.50 x 4.50 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, polypropylene rope, corrugated pipe, stainless steel fasteners
