**VVZ-VHP003-15-T Hanging Swing**

We have designed, manufactured, and certified a hanging swing for MOTHER and CHILD. Its design allows a child from one year of age to swing together with an accompanying adult. We engineered it so that getting on, swinging, and getting off the swing stay perfectly balanced, even though the child and the accompanying adult differ in weight. The child's seat includes a bar between the child's legs that prevents the child from sliding or falling out while swinging, while also providing back support. The surface of the adult seat has a contoured profile that increases seating stability. The structure, made of hot-dip galvanised steel with a powder-coated finish, is resistant to weathering, UV radiation, and mechanical stress. All screws and nuts are protected by caps, which increase the service life of the fasteners while also protecting against injury.

**Specifications**

The Hanging Swing VVZ-VHP003-15-T is certified according to STN EN 1176

| | |
|---|---|
| **Age Group:** | 3-14 years |
| **Product Dimensions:** | 1.90 x 3.10 x 2.30 m (L x W x H) |
| **Max. Fall Height:** | up to 1.50 m |
| **Safety Surfacing Area:** | 7.50 x 3.00 m (according to STN EN 1176-1) |
| **Materials:** | Galvanised and powder-coated steel, PA, rubber, stainless steel fasteners and chains |
| **Weight:** | 105 kg |
