

Hanging Swing VVZ-VH002-15-T

VVZ-VH002-15-T Hanging Swing

The swing with a Baby seat is designed for younger children and naturally supports the development of balance and coordination. The shaped seat with a raised backrest and front safety restraint provides a stable and secure position while swinging. A grass safety mat is recommended as the impact-attenuating surface. Stainless-steel chains and the steel structure with a durable surface finish provide high resistance to weather conditions for long-term outdoor use.
